## MASONS HAD BIG TIME MONDAY NIGHT.

### MRS. MARY LEGGATE CALLED TO REST.

Mrs. Mary Leggate, wife of J. Price Leggate, and until recently a resident of Hickman, died at her home near Coombs Springs, Sunday, after an extended illness. This good woman had been in poor health for a year or more.

Mrs. Leggate was born April 1, 1878, making her slightly over 37 years of age. She was a daughter of Jasper Edwards, of Louisiana. Her marriage to J. P. Leggate occurred in this city a few years ago. The couple resided here until a few months ago, and during their residence in Hickman, Mrs. Leggate made many warm friends. She was a fine Christian woman, and her death is a great shock to friends—an inestimable loss to her husband and two small children who survive her.

Rev. J. A. Spence, of the West Hickman Chapel, conducted funeral services at the residence Monday. Burial occurred at the city cemetery.

Seventy-six out of eighty-seven cases of typhoid fever which occurred in a recent outbreak have been traced by the United States Public Health Service to infected milk. Had the first case been reported to a trained health officer the outbreak could have been stamped out promptly. When will we learn that disease prevention is sure and cheap?

### GABBY NOT APPLICANT PRINCIPALSHIP 1916-17.

Prof. B. F. Gabby, for eleven years principal of the Hickman public schools, informs us that he will not be an applicant for this position at the coming election of teachers.

This is taken to mean that Prof. Gabby contemplates leaving Hickman and the many friends of the family here will regret to learn they are making plans to locate elsewhere.

Prof. Gabby has done much for the betterment of Hickman schools and deserves credit for bringing them up to a high standard of excellence. No town of the same population in the State can boast of better educational advantages. All are agreed too, that Prof. Gabby ranks as one of the foremost educators in the State; being a man of fine education, rare ability and full of energy.

The Fiscal Court, we understand, will not start in on the regular routine of road dragging and grading on the State Line Road or Dresden Road this spring on account of having designated these two roads to receive state aid work. The state aid work is to begin about June and any temporary work done now would simply be lost; as the road must be widened and otherwise changed to meet the requirements of state standards. Any apparent neglect of improvement of these roads at present may be explained by the facts as mentioned above.

Born to W. P. Adams and wife Sunday a nine pound boy.
